

Marine Green Algae Extract

Cat. No. ALE-04004

Lot. No. (See product label)

Description

The extract is obtained from marine green algae (*Enteromorpha Compressa*). An ideal ingredient to add to post-sport skin care products. Its unique composition makes it highly effective in helping to maintain the skin's electrolyte balance and retain moisture after rigorous physical activity. It deeply hydrates energizes and regenerates for activity. Besides, it is ideal for use in different post-activity skin care products due to its primary ionic recovery properties (skin balancing).
