

MUT-1119 per4 mt+

Cat. No. ALS-01652

Lot. No. (See product label)

Subcategory

Mutants

Description

The per mutants show alterations in the circadian rhythm of phototactic aggregation. This strain was used in their study of circadian control of LHC gene expression. For additional citations on the per mutants, please see MUT-1117.

Species

Chlamydomonas

Phenotype

Altered circadian rhythm
