

# MUT-2916 sta3-3 mt-

*Cat. No.* ALS-02607

*Lot. No.* (See product label)

---

## Subcategory

Mutants

## Description

The sta3 mutants have increased amylose content, and have diminished glycogen-primed soluble starch synthase activity.

## Species

Chlamydomonas

## Locus

STA3 [SSS3]

## Chromosome

6

## Phenotype

Altered starch metabolism
