

# MUT-3807 ars del 15-1 nit1

Cat. No. ALS-03050

Lot. No. (See product label)

---

## Subcategory

Mutants

## Description

Derived by transformation of MUT-425 with pJD76, subsequently crossed to MUT-2677. This strain has low arylsulfatase activity when grown under sulfur-deficient conditions.

## Species

Chlamydomonas

## Locus

NIT1

## Chromosome

9

## Phenotype

Altered sulfur metabolism
