

# MUT-4060 75B6 mt-

*Cat. No.* ALS-03289

*Lot. No.* (See product label)

---

## Subcategory

Mutants

## Description

Small commented that this strain is not blocked in excision of pyrimidine dimers. This may be a transformant of the original rex1 mutant with a construct containing only part of the bicistronic REX1 locus.

## Species

Chlamydomonas
