

# OsrhLYZ, Recombinant Human Lysozyme from *Oryza sativa*

Cat. No. PP-Osr-014

Lot. No. (See product label)

---

## Product Name

OsrhLYZ, Recombinant Human Lysozyme from *Oryza sativa*

## Size

1 g, 10 g, 100 g

## Overview

OsrhLYZ is expressed from rice endosperm cells using recombinant technology and through a protein purification process.

## CAS No.

9001-63-2

## Source

Rice seed

## Appearance

White or light yellow to pink crystalline powder or granule

## Purity

≥ 90% SDS-PAGE

## pH

5.0-7.0

## Molecular Weight

14.7 kD

## Activity

≥ 4.0×10<sup>4</sup>U/mg

## Precautions

After opening, please use it as soon as possible to avoid contamination.

## Usage

Suitable for scientific, laboratory, and production use only, not for direct use in humans.

## Storage

Please store at 2-8°C

## Stability

24 months
