

2,4-Dichlorophenoxyacetic (2,4-D) Acid Solution (1 mg/mL)

Cat. No. GRO-530

Lot. No. (See product label)

Product Name

2,4-Dichlorophenoxyacetic (2,4-D) Acid Solution (1 mg/mL)

Product Overview

2,4-Dichlorophenoxyacetic acid being an auxin can support embryogenesis and callus formation at low concentrations, and have herbicidal activity at high concentrations. This product is plant tissue culture tested. CAS NO. 94-75-7. This product is sterile filtered.

Form

Liquid

Molecular Mass

221.04

Notes

Plant Tissue Culture Tested

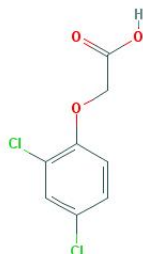

Concentration

1 mg/mL

Synonyms

2,4 Dichlorophenoxyacetic Acid; 2,4-D

Figure 1

Molecular Formula

C₈H₆Cl₂O₃.

Storage

Store at 2 to 8 centigrade.
