

# H196 Exosomes

Cat. No. *EEs-011*

Lot. No. (See product label)

---

## Product Name

H196 Exosomes

## Size

50 µg

## Overview

Accelerate your exosome studies with these ready-to-use purified exosomes from the human small cell lung cancer cell line H196.

## Product Rating

Biological reagent

## Exosome Content

> 1x10<sup>6</sup> frozen exosomes

## Efficacy

Highly pure

Ready-to-use

Well-characterized

Fully functional

## Storage Temperature

80°C

## Validity Period

12 months
