

Hydroxyethy | Beta Cyclodextrin

Cat. No. CDP-006

Lot. No. (See product label)

Product Name

Hydroxyethy | Beta Cyclodextrin

Appearance

White powder, sweet, insipid and innocuous.

CAS NO.

128446-32-2

Assay

≥98%

Product Description

Hydroxyethyl-beta-cyclodextrin can increase the solubility of the medicine, increase the good effect, and reduce the number. At the same time, it can control the reactive speed of the medicine, and increase its stability.

Hydroxyethyl-beta-cyclodextrin is mainly used for oral solutions with the highest safety.

Heavy Metal

≤0.0025%
