

Piroxicam Beta cyc|odextrin

Cat. No. CDP-009

Lot. No. (See product label)

Product Name

Piroxicam Beta cyc|odextrin

Appearance

Power, yellowish.

CAS NO.

96684-39-8

Assay

9.73%-11.19%

pH

5.0-7.5

Product Description

Piroxicam- beta-cyclodextrin is made by enwrapping medical piroxicam and medical beta-cyclodextrin in a certain inverse proportion with a unique art. This inclusion compound has less odor, more stability, and a more stable medicine-releasing speed than the single piroxicam. Piroxicam-beta-cyclodextrin is mainly used in anti-inflammatory analgesic drugs.
