

DL-Alanine, Food Grade

Cat. No. FAP-005

Lot. No. (See product label)

Product Name

DL-Alanine, Food Grade

Molecular Formula

C₃H₇NO₂

Molecular Weight

89.09

Melting Point

272-275 °C

Application

It can be used as food flavor, nutritional supplements, vitamin B6, intermediates, feed additives and so on.
