

L-Tryptophan, Food Grade

Cat. No. FAP-011

Lot. No. (See product label)

Product Name

L-Tryptophan, Food Grade

Molecular Formula

C₁₁H₁₂N₂O₂

Molecular Weight

204.23

Melting Point

280-280 °C

Application

This product is used in nutritional supplements. To improve nutrition and strengthen the body.

FOR RESEARCH OR FURTHER MANUFACTURING USE ONLY
