

# Reishi Mushroom Spore Oil

Cat. No. NOP-004

Lot. No. (See product label)

---

## Product Name

Reishi Mushroom Spore Oil

## Botanical Source

*Ganoderma lucidum*

## Appearance

Clear yellowish transparent viscous oil.

## Description

Reishi spore oil is an oily lipid extracted from the broken reishi spores by supercritical carbon dioxide fluid extraction technology, which integrates various active components of reishi spores. Reishi spore oil is yellow transparent liquid, the main components are ganoderma acid, unsaturated fatty acids, ganoderma polysaccharides and so on.

## Application

Food additive, dietary supplement.

## Function

Reishi spore oil can improve physical fitness, has the effect of auxiliary liver protection, softening blood vessels, light spots and so on. At the same time, it also has anti-oxidation, scavenging free radicals and other effects.
