

Borage Oil

Cat. No. NOP-009

Lot. No. (See product label)

Product Name

Borage Oil

Botanical Source

Borago officinalis

Appearance

Colorless pale yellow to yellow liquid.

Plant Part Used

Seed

CAS No.

84012-16-8

Description

Borage oil, extracted from the seeds of the borage plant, is a versatile and beneficial natural oil with a wide range of applications in health and beauty.

Application

Health and beauty.

Function

Anti-inflammatory properties. The GLA in borage oil converts to prostaglandin E1 in the body, which helps to reduce inflammation.

Supports hormonal balance. Borage oil can assist in balancing hormone levels, making it beneficial for managing menstrual discomfort and other hormonal imbalances.

Excellent for skincare. The emollient properties of borage oil deeply moisturize the skin, reducing dryness and improving elasticity.

Natural and versatile. Borage oil can be used orally as a dietary supplement or applied topically to the skin, making it a versatile addition to any health and beauty routine.
