

# Sodium Hexametaphosphate

Cat. No. *BMP-006*

Lot. No. (See product label)

---

## Product Name

Sodium Hexametaphosphate

## CAS

10124-56-8

## Price

Inquiry

## Packing

25 kg

## Purity

0.68

## Molecular Formula

(NaPO<sub>3</sub>)<sub>6</sub>

## Product Description

A glassy, water-soluble polyphosphate consisting of repeating –PO<sub>3</sub>Na– units.

## Primary Functions

Powerful sequestering and dispersing agent for multivalent metal ions; inhibits scale and boosts detergency.

## Appearance

White granules or powder

## Usage

Water treatment

## Shelf Life

2 years
