

Egg Membrane Powder

Cat. No. FIP-010

Lot. No. (See product label)

Product Name

Egg Membrane Powder

Form

Powder

Color Appearance

White to pale yellow color powder.

Product Applications

Nutritional supplements, cosmetics, functional beverages.

Product Offerings

Egg membrane powder.

Product Description

Egg membrane powder, derived from eggshell membranes, is rich in collagen, hyaluronic acid, chondroitin sulfate, and amino acids. Known for supporting joint, skin, hair, and nail health, it offers anti-inflammatory benefits, helping with joint pain, flexibility, and cartilage repair. Its collagen and hyaluronic acid improve skin elasticity and hydration, making it popular in anti-aging products. Available in supplements, cosmetics, and some fortified foods, egg membrane powder is generally safe.
