

Macadamia Nut Powder

Cat. No. *FIP-013*

Lot. No. (See product label)

Product Name

Macadamia Nut Powder

Parts Used

Nuts

Form

Powder

Color Appearance

Light brown color powder.

Product Applications

Nutritional supplements, cosmetics, herbal teas, capsules, tablets, functional foods and beverages.

Product Offerings

Macadamia nut powder.

Product Description

Macadamia nut powder, also known as macadamia flour or macadamia meal in the USA, is a finely ground form of *Macadamia integrifolia*. It is rich in healthy monounsaturated fats, protein, fiber, and essential nutrients like magnesium, calcium, and vitamin B6. With a rich, buttery flavor and smooth texture, macadamia nut powder is commonly used in gluten-free baking, smoothies, protein blends, and keto-friendly recipes.
