

# Phytophthora fragariae PCR Detection Kit (100)

Cat. No. *PDF-114*

Lot. No. (See product label)

---

## Product Name

Phytophthora fragariae PCR Detection Kit (100)

## Product Overview

Phytophthora fragariae PCR Detection Kit (100) is designed for the detection of Phytophthora fragariae.

## Kit Components

The PCR Kits contain a lyophilized Premix (primer/dNTPs) as well as a Positive and Negative Control. The complete PCR reaction kits contain the PCR set as well as DNA Polymerase, PCR water and reaction buffer mix.

## Detection method

PCR
