

Cyclovirobuxin D

Cat. No. EXT-014

Lot. No. (See product label)

Product Name

Cyclovirobuxin D

Product Overview

The product belongs to plant extract.

Form

White powder

Molecular Mass

402.66

Synonyms

9,19-CYCLOPREGNANE-3,20-DIAMINE,N,N',4,4,14-PENTAMETHYL-, (3,5,20S)-; CYCLOVIROBUXINE; CYCLOVIROBUXINE D; 9,19-cyclo-5-alpha,9-beta-pregnan-16-alpha-ol,4,4,14-trimethyl-3-beta, 20-alpha;bebuxine; -bis(methylamino)-; cvb-d; cyclovirobuxind

Function

It has the effects of improving coronary circulation and preventing angina pectoris, improving the body's ability to withstand hypoxia and preventing and treating angina pectoris and arrhythmia. It is used for chest pain caused by qi stagnation and blood stasis, choroidal generation and coronary atherosclerotic diseases.

Molecular Formula

C₂₆H₄₆N₂O

CAS

860-79-7

Content

0.99
