

18alpha-Glycyrrhetic acid

Cat. No. EXT-018

Lot. No. (See product label)

Product Name

18alpha-Glycyrrhetic acid

Product Overview

The product belongs to plant extract.

Form

White powder

Synonyms

18A-GLYCYRRHETINIC ACID; beta-glycyrrheticacid;

Function

It has anti-inflammatory effects like phenylbutazone or hydrocortisone. Glycyrrhetic acid has an inhibitory effect on cotton ball granuloma, formaldehyde foot swelling and subcutaneous granulomatous inflammation in rats.

Molecular Formula

C₃₀H₄₆O₄

EINECS

07-444-6

CAS

1449-05-4

Content

0.98
