

PERICARPIUM GRANATI

Cat. No. EXT-072

Lot. No. (See product label)

Product Name

PERICARPIUM GRANATI

Product Overview

The product belongs to plant extract.

Source

The dry mature peel and young fruit of pomegranate

Form

Brown and yellow powder

Molecular Mass

1084.72

Solubility

Easily soluble in low-carbon alcohols, such as methanol and ethanol.

Applications

It can be used as a natural and safe skin care factor for skin moisturizing, sun protection, anti-wrinkle, anti-acne, whitening and freckle removal, etc., showing a broad field in the cosmetics field Application prospects.

Function

It has good UV absorption properties, astringency, anti-oxidation and enzyme inhibitory activity.

Molecular Formula

C₄₈H₂₈O₃₀

Content

0.99
