

Stevioside

Cat. No. EXT-144

Lot. No. (See product label)

Product Name

Stevioside

Product Overview

The product belongs to plant extract.

Form

White to slightly yellow crystalline powder

Molecular Mass

804.87

Solubility

1g of this product is soluble in 800ml water, slightly soluble in ethanol

Applications

It can be used as a sweetener for caloric food, and has the effect of reducing standby pressure.

Molecular Formula

C₃₈H₆₀O₁₈

CAS

57817-89-7

Content

0.95

Storage

0-6°C

FOR RESEARCH OR FURTHER MANUFACTURING USE ONLY
