

Naringin

Cat. No. EXT-161

Lot. No. (See product label)

Product Name

Naringin

Product Overview

The product belongs to plant extract.

Source

Rutaceae pomelo, the immature or nearly mature dry outer skin of grapefruit

Form

Light yellow powder

Molecular Mass

580.53

Applications

It has the characteristics of high sweetness, low calorific value, non-toxic and safe, and can be used in food, medicine and daily chemical industries.

Synonyms

Naringenine-7-rhamnosidoglucoside

Function

Naringin has anti-inflammatory and analgesic, antiviral, antibacterial and anti-eye aldose reductase effects.

Molecular Formula

C₂₇H₃₂O₁₄

EINECS

233-566-4

CAS

10236-47-2

Content

0.98
