

**Product Name**

pGFP22

**Description**A *Bacillus subtilis* plasmid.**Vector Type***Bacillus subtilis* Vector**Expression Host***Bacillus subtilis***Form**

Powder; Solution

**Size**

2 µg; 10 µL

**High Copy/Low Copy**

High Copy

**Prokaryotic Resistance**

Chloramphenicol

**Length**

8200 bp

**Selectable Marker**

GFP

**Promoter**

PxyIR

**Promoter Stability**

Stable Expression

**Promoter Type**

Unconstitutive

**Virus/Non-Virus**

Non-Virus

**Cloning Method**

Polyclonal Sites, Restriction Endonucleases

**Growth Temperature**

37°C

**Storage Temperature**

-20°C

**FOR RESEARCH OR FURTHER MANUFACTURING USE ONLY**
