

Dissolved Oxygen Meter

Cat. No. FAD-039

Lot. No. (See product label)

Product Name

Dissolved Oxygen Meter

Product Overview

Dissolved oxygen meter is mainly used for the determination of dissolved oxygen content in water.

Source

Aquaculture Equipment

Usage

Water quality testing.

Power

< 5 W

Feature

Fast and real-time detection

Type of Power Supply

220 V AC / 24 V DC

Applicable Space

Aquaculture ponds

Detection Range

0.00 - 40.00 mg/L

Response Time

45 s

Operating Temperature

0 - 60 °C

FOR RESEARCH OR FURTHER MANUFACTURING USE ONLY
