

Water pH Meter

Cat. No. FAD-040

Lot. No. (See product label)

Product Name

Water pH Meter

Product Overview

Water pH meter is mainly used for the determination of water pH value.

Source

Aquaculture Equipment

Usage

Water quality testing.

Power

< 5 W

Feature

Expandable with multiple sensors for fast real-time detection

Type of Power Supply

220 V AC / 24 V DC

Applicable Space

Aquaculture ponds

Detection Range

0.00 - 14.00 pH

Operating Temperature

0 - 60 °C

FOR RESEARCH OR FURTHER MANUFACTURING USE ONLY
