

Breeding Incubator

Cat. No. FAD-050

Lot. No. (See product label)

Product Name

Breeding Incubator

Product Overview

Breeding incubators are used to artificially incubate poultry eggs and can generally improve hatching rates.

Source

Livestock Farming Equipment

Usage

Poultry feeding.

Power

100 W; 200 W; 400 W; 600 W

Feature

Highly efficient hatching and universality

Applicable Space

Livestock farm

Automation Degree

Automated hatching, including automatic temperature control, automatic egg turning, automatic sterilization, etc.

Operating Temperature

0 - 99 °C

FOR RESEARCH OR FURTHER MANUFACTURING USE ONLY
