

Automatic Honey Shaking Machine

Cat. No. FAD-051

Lot. No. (See product label)

Product Name

Automatic Honey Shaking Machine

Product Overview

The honey shaker is a special tool for separating honey from the honey spleen.

Source

Honey Bee Farming

Usage

Honey separation.

Power

1100 W

Feature

High efficiency, automatic cleaning and adjustable speed

Type of Power Supply

220 V AC

Motivation Source

Electric

Automation Degree

Fully automated

Rotation Speed

120 (r/min)

FOR RESEARCH OR FURTHER MANUFACTURING USE ONLY
