

Fava Bean Protein Powder

Cat. No. OPP-14

Lot. No. (See product label)

Product Name

Fava Bean Protein Powder

Package

25 kg/drum

Description

Fava Bean Protein Powder, also named Broad Bean Protein, Horsebean Protein Powder, or Vicia Fava Bean protein, is an exciting addition to our plant-based protein powder range. It is extremely versatile with a neutral flavour and can be easily mixed with sweet or savoury dishes to boost your daily protein intake. It is also heat-stable making it great for hot soups and casseroles. It includes a range of B- vitamins, zinc, magnesium, iron, phosphorous, copper and manganese. The last two of those minerals are particularly useful to maintain healthy bones.

Fava Bean Protein Powder contains several vitamins and minerals that are not present in animal-derived protein products. Also like pea protein, fava bean has a very good profile of amino acids (save for methionine), including the three BCAAs (branched-chain amino acids)

Specification

88%-91%
