

# Garcinia Cambogia Fruit Extract

Cat. No. PAE-006

Lot. No. (See product label)

---

## Product Name

Garcinia Cambogia Fruit Extract

## Package

25 kg/drum

## Product overview

Garcinia cambogia extract is the calcium salt of hydroxy citric acid (HCA), which is obtained from water extract of Garcinia cambogia fruit. It is a non-toxic, tasteless, odorless powder and found to be a very effective herbal alternative for controlling obesity and cholesterol by inhibiting lipogenesis in our body.

## Description

Garcinia cambogia extract comes from the fruit of the Garcinia cambogia tree that grows across Southeast Asia. The fruits are like pumpkins and the size of an orange. The fruits are edible but too sour to be eaten raw. They are commonly known as Malabar tamarind. Hydroxycitric acid as the main principle in the rind of Garcinia is well known for years and now proved to be bringing about weight loss and is being used as a food supplement for obesity control.

## Specification

50%, 60%, 95% HCA

## Appearance

Light Yellow Fine Powder

## Active ingredient

Hydroxy citric acid, polyphenols, luteolin, and kaempferol

## Application

Medicine, food additive, dietary supplement, or health care products

## Features

No Additives, No Preservatives, No GMOs, No Artificial Colors

## Shelf life

2 years

## Storage

Keep in a cool, dry, and clean place, Protect from moisture and direct light.
