Cat. No. PAE-017

Lot. No. (See product label)

---

## Product Name

Organic Purple Sweet Potato Powder

## Package

25 kg/drum

## Product overview

Organic Purple Sweet Potato Powder is made from fresh and high-quality purple sweet potato, which is processed by peeling and drying. The color, aroma, taste, and texture of the rehydrated purple potato powder are the same as those of the fresh purple potato, which is steamed and mashed.

## Description

The purple potato is rich in selenium and anthocyanins in addition to the nutrients of ordinary sweet potatoes. Purple potato is one of the main raw materials of anthocyanin. It is rich in protein, starch, pectin, cellulose, amino acids, vitamins, and various minerals, as well as selenium and anthocyanins. Purple potato is rich in nutrition and has special health care functions, among which the protein amino acids are easily digested and absorbed by the human body. Vitamin A, which is rich in vitamin A, can improve vision and skin epithelial cells, vitamin C can make glutenin normal synthesis, prevention, and treatment of scurvy, and anthocyanin is A natural powerful free radical scavenging agent.

## Specification
