

Organic Matcha Powder

Cat. No. PAE-018

Lot. No. (See product label)

Product Name

Organic Matcha Powder

Package

25 kg/drum

Product overview

Organic Matcha Powder comes from green tea that is steamed, stemmed, and then ground into powder.

Description

This process makes the tea powder quite pure and potent. Green tea is sourced from farm-direct relationships that provide income stability, improved quality of life for farmers and protect the environment. Rooted in family traditions, these farmers utilize Chagusaba methods, a sustainable farming technique designed to enrich, rather than strip, the natural environment. It is special in two aspects of farming and processing: The green tea plants for matcha are shade-grown for about three weeks before harvest, and the stems and veins are removed in processing. The traditional Chinese tea ceremony centers on the preparation, serving, and drinking of matcha. In modern times, matcha also has come to be used to flavor and dye foods such as mochi and soba noodles, green tea ice cream, etc.

Part used

Leaves

Specification

80 mesh, 800 mesh, 2000 mesh, 3,000 mesh

Appearance

Green Powder

Active ingredient

Tea polyphenols

Application

Foods & Beverages, Cosmetics, Personal Care Products

Features

No Additives, No Preservatives, No GMOs, No Artificial Colors

Shelf life

2 years

Storage

Keep in a cool, dry, and clean place, Protect from moisture and direct light.

FOR RESEARCH OR FURTHER MANUFACTURING USE ONLY
