## Product overview

Our factory selects the best raw materials to ensure the quality of Freeze-dried Passion Fruit Powder. It contains 17 kinds of amino acids, is rich in protein, fat, sugar, vitamins, calcium, phosphorus, iron, potassium, SOD enzymes and super fiber, etc. More importantly, it is known as "the king of vitamin C" in fruits and contains 165 kinds of beneficial substances for the human body. The taste is rich, sweet, and sour. The product does not add preservatives, flavors, or pigments, and contains excessive sulfur dioxide.

## Description

Freeze drying is the best method to dehydrate and preserve fruit. It keeps the natural color, and flavor without adding any chemicals. As it is just the fruit pulp without water, it is shelf stable (just keep it dry), keeping transportation/shipping and storage costs down. This passionfruit pulp powder is 100% fruit, with no sugar or anything else added. You can use it for ganache, making juice (just add water), fillings, ice pops, or any other culinary delights.
